### Curtain Descends Forever Upon Mad Dream of German Piracy on the High Seas

American Battle Squadron in  
Majestic Line of Allied Sea  
Fighters

(By Associated Press Cable)

LONDON, November 21.—The German fleet as specified in the terms of the armistice, was surrendered today to the allies. This announcement was made officially by the Admiralty this afternoon.

LONDON, November 21.—The Admiralty statement reads:

"The commander-in-chief of the grand fleet has reported at 9:30 o'clock this morning he met the first and main installment of the German high seas fleet which is surrendering for internment."

The British grand fleet accompanied by an American battle squadron and French cruisers steamed out at three o'clock this morning from its Scottish base to accept the surrender of the German battleships, cruisers and destroyers.

The point of the rendezvous for the allied and German sea forces was between 30 and 40 miles east of May Island, opposite the Firth of Forth.

It is understood the warships surrendered today were 8 battleships, 6 battle cruisers, and 8 cruisers.

There remain to be surrendered two battleships under repair and 60 torpedo boat destroyers.

King George, Admirals Beatty, Sims and Rodman and a corps of more than 100 journalists and motion picture men, who will immortalize with pen, brush and camera the greatest naval display in all history, were on allied warships waiting to witness the last act in the collapse of the German navy.

Admiral Rodman, U. S. N., aboard the American battle ship New York, and Captain Beach, commander, led the American men-of-war—the Florida, Wyoming, Texas and Arkansas.

U-Boats Are Surrendered.

Germany's sea surrender began at dawn Wednesday, when 27 U-boats gave themselves up to Admiral Reinhold W. Tyrwhitt's fleet of cruisers and destroyers and steamed into Harwich, led by British cruisers. Last night the undersea serpents, deprived of their sting, lay anchored under the Union Jack.

Only meager crews, just sufficient to navigate them, took them out on their last journey under the German ensign, which was hauled down at the rendezvous.

The following account of the surrender of the submarines is given by an eye-witness of the incident. More than 80 other submarines are to be handed over to the allied naval command before the end of the week.

After steaming some 20 miles across

### AMERICAN ENVOYS AT NAVAL MEETING

ADMIRAL HUGH RODMAN

Admiral Hugh Rodman, who acted as American representative at a meeting with German naval delegates at a British port, according to a dispatch from Paris. The naval terms of the German and Austrian armistices are being carried out rapidly, add the dispatch.

The North Sea the Harwich forces, which consisted of five light cruisers and 20 destroyers were sighted. The flagship of Admiral Tyrwhitt, the commander, was the Curacao. High above the squadron hung a big observation balloon.

"Paravanes" Are Dropped.

The squadron, headed by the flagship, then steamed toward the Dutch coast, followed by the Coventry, Dragon, Danal and Centaur. Other ships followed in line with their navigation lights showing. The picture was a noble one as the great vessels, with the moon still shining, plowed their way to take part in the surrender of the German U-boats. Soon after the British squadron started the "paravanes" were dropped overboard. These devices are shaped like tops and divert any mines which may be encountered, for the vessels now were entering a mine field.

Almost everyone on board donned a lifebelt and just as the red sun appeared above the horizon the first German submarine appeared in sight. Soon after 7 o'clock 20 submarines were seen in line, accompanied by two German destroyers, the Tibania and the Sierra Ventana, which were to take the submarine crews back to Germany after the transfer.

All the submarines were on the surface with their hatches open and their crews standing on deck. The vessels were flying no flags whatever and their guns were trained fore and aft in accordance with the terms of surrender.

A bugle sounded on the Curacao and all the gun crews took up their stations, ready for any possible treachery.

The leading destroyer, in response to a signal from the Admiral, turned and led the way toward England, and the submarines were ordered to follow. They immediately did so. The surrender had been accomplished.

### SHIPS INTERNED

(By Associated Press Cable)

Amsterdam, November 21.—The first German warships destined for internment left Kiel on Sunday, according to the Vossische Zeitung, of Berlin.

They included: Bayern, Grosser Kurferst, Kronprinz, Markgras, Konig Albert, Kaiserin, Seydlitz and Moltke.

Washington is Pleased With News From Troubled Land

The directors of the erstwhile Uga government support the Admiral.

### U. S. PLEASED

(Associated Press Dispatch)

Washington, November 21.—News of the coup at Onsk by which Admiral Kolchak has become dictator is regarded at the State Department as another sign of stabilization of the movement relied upon to regenerate Russia.

Both Prince Levoiff, first Russian Premier after the overthrow of the Czar, and Ambassador Bakhmeteff were greatly interested and manifestly pleased at the report of Admiral Kolchak's assumption of power.

### CRITICISM IN SENATE FOR WILSON

(By Associated Press Dispatch)

Washington, November 21.—The action of President Wilson in taking marine cable lines under control was criticised in the Senate today by Senator Kellogg, of Minn., Republican, who declared it was part of a plan to establish government ownership of telegraph, telephone and cable wires. Immediately after his attack Senator Lewis of Illinois introduced a resolution proposing permanent government ownership of wires, railroads and other public utilities.

Senator Watson in a speech attacking the president for taking over the cable and express lines suggested that the cables were taken over to suppress news of what is discussed at the peace conference.

### NEW REPUBLIC'S NEED OF FOOD AND FUEL ACUTE

Dr. Karl, One of the Presidents of the New German-Austrian Republic, Appeals to Wilson

(Associated Press Cable)

Vienna, November 21.—Dr. Karl, one of the three presidents of the national council of the German-Austrian republic, said today that the most urgent need was for fuel and food-stuffs.

"What we must have in the next two weeks is coal and food," he declared, "otherwise the cold weather will increase the misery and plunge the people into Bolshevism. Our sole desire is to live in peace and amity with all persons according to the rules laid down by President Wilson, and we also have appealed to President Wilson for food. We want to see law and order re-established throughout the world and we believe President Wilson will be able to do so."

FAYETTE CHAPTER  
OF THE RED CROSS  
HOLDS ELECTION

**T. H. Craig Again Chosen to  
Head Organization Which Has  
Accomplished Such Great Work  
During the Past Year—Other  
Old Officers Re-elected, Sec-  
retary Resigning**

The annual election of the Fayette  
County Chapter of The American Red  
Cross was held Wednesday night, and  
all of the old officers who have ren-  
dered such unselfish and praiseworthy  
service, were re-elected, but Sec'y,  
H. R. Rodecker, because of pressing  
duties which handicap him for the  
work, resigned, leaving vacant the  
secretaryship, which is to be filled at  
an adjourned meeting to be held on  
Monday evening, November 25th.

The officers chosen are: Chairman,  
T. H. Craig; vice-chairman, Henry  
Brownell; treasurer, Scott Hopkins;  
additional executive committee mem-  
bers: Mrs. F. L. Stutson, Mrs. J. W.  
Willis and Mrs. Chas. Mark.

Chairman of Woman's Work, Mrs.  
Eva J. Penn; Chairman of Knitting,  
Mrs. Chas. W. Lewis; Superintendent  
of Surgical Dressings, Miss Edith  
Gardner; Chairman Home Service  
Section of Civilian Relief, Miss Mary  
Robinson.

The annual report, presented by  
Secretary Rodecker, showed the mag-  
nitude of the work of the Chapter for  
the year just ending, and this will be  
carried in full later.

Each officer of the Chapter has  
done his or her part nobly during  
the past year, and has left a good  
record behind. It was with genuine  
regret that the Chapter accepted the  
resignation of Mr. Rodecker, upon  
whom had fallen a great deal of detail  
work, which he had carried out in a  
careful and business-like manner.

Some of the other officials of the  
Chapter have devoted much of every  
day in the week to the work which  
the chapter has been called upon to  
perform, and the long record of ach-  
ievement marks the success of the  
Chapter.

The Hun has been forced to drop  
the goose-step for the Foch trot.—

ONLY SIX CASES  
MALADY IN WEEK

Only six cases of influenza occur-  
red in the city during the past week,  
according to official announcement  
made by Health Officer Byron and  
some of these were brought in from  
other points, so that the health situ-  
ation is remarkably good and in fact  
many times better than had been an-  
ticipated.

The cases are so few that it is re-  
garded as not likely that any new  
outbreak will occur in this city as has  
been the case in a great many places.  
It being a well established fact that  
schools and other places of assembly  
were prematurely opened in the  
towns reporting new outbreaks.

All restrictions were lifted in this  
city one week ago last Saturday, and  
the reopening was not permitted be-  
fore all danger of any new outbreak  
had passed.

Some health authorities are of the  
opinion that a few cases of the dis-  
ease will appear at intervals through-  
out the winter in most of the com-  
munities visited by the disease.

At the present time there are only  
three cases of any contagious disease  
under quarantine in the city, and two  
of these are to be lifted Friday or  
Saturday.

WANT SOME COLD  
TO RETARD WHEAT

Many farmers are beginning to  
yearn for cold weather so that their  
rapidly growing wheat will be retard-  
ed before it reaches a point where  
it will become so rank that winter  
freezes will damage it as much as if  
it had not obtained a good start for  
the severe weather.

Never before has wheat at this per-  
iod of the year shown such a rank  
growth, due to ideal growing weather  
since it was planted, and farmers are  
fearful lest the wheat joint and then  
when severe weather comes, the plant  
be hopelessly damaged.

Tens of thousands of acres of  
wheat in Fayette county literally  
hides the ground and is so large that  
a rabbit can almost find a secure hid-  
ing place in it.

## SOLDIERS' LETTERS

Private James H. Williams of the  
U. S. Marines, writes from a Base  
Hospital somewhere in France to his  
sister, Mrs. Lee Roy Judy, of near  
Leesburg, as follows:

Dear Brother and Sister:—Will  
drop you a line to let you know I  
am still on the mend, and will soon  
join my regiment again. I miss the  
boys very much, and also the bark  
of the big guns I have not heard a  
gun crack for two weeks, sounds  
funny like when you have been  
where they roar all day long.

There is a day not far away when  
we will all meet in that great coun-  
try called the good old U. S. A. The  
best country in the world. The  
French people are good people and  
they like us, and we like them, but  
I would not like to live here. We  
must stick to it till the huns say  
enough, and make the world one big  
free place to live in.

If this war goes on you had better  
join the Red Cross, they sure are  
great people. They work as hard  
over here as our armies do. Well I  
will close and will write again in a  
few days. But at this writing I am  
getting along fine, and will go back  
to the lines in a few weeks and try  
it over with the Huns. I believe  
when I get well I can lick two at a  
time, and when I get to the lines  
again I am going to see how many  
I can stick with my knife, and then  
I will send the knife to you. I don't  
believe the Hun lives who can kill  
me or my Brother Jess. They might  
put us out of business for awhile.  
But we will go back. Write often and  
don't forget your two Brothers, who  
are in France.

EXCELLENT WORK  
OF LABOR BUREAU

Columbus, O., November 21.—Ap-  
proximately 125,000 workers placed  
in war jobs.

That is the record of the United  
States Employment Service for Ohio  
since its establishment in Ohio Aug-  
ust 1st, last.

Reports of the local offices through-  
out the state show that 39,099 jobs  
filled in August, 37,977 in September  
and 46,875 in October. During the  
three months period, 183,465 workers  
registered for work, 150,937 were  
referred to positions and 123,950 were  
placed. These workers include men  
and women.

In addition, the control of the re-  
cruiting and distributing of labor, ex-  
ercised by the government through  
the employment service, eliminated  
the chaotic labor conditions resulting  
from the practice of employers bid-  
ding against each other for the avail-  
able help.

It organized and stabilized the labor  
situation to the end that available  
labor was most efficiently mobilized  
and directed into urgent war work,  
as are also names of land holders

## A Crumb of Comfort

Those people who have been a little fearful of business conditions in the United States following the close of the war will be able to gain, it seems, more than a "crumb of comfort" in the exhibition of the nation's tremendous financial strength, clearly revealed by the subscriptions to the fourth liberty loan.

The enormous amount of \$6,000,000,000 raised by the people in so short a time, the fact that 21,000,000 people subscribed to the loan and, notwithstanding they had previously subscribed, in the three preceding loans for nearly \$12,000,000,000 of bonds, that the fourth loan was oversubscribed nearly a billion is certainly a hopeful sign for the reconstruction period upon which we are now entering.

Financiers estimate the nation's wealth, as indicated in the prodigious financial feats accomplished, at something more than \$300,000,000,000.

During the time the nation subscribed for the four liberty bond issues the public mind was so occupied with war that we failed to grasp the enormity of the achievement and the vast financial strength it exhibited. Now with our thoughts once more concentrated on business affairs we begin to grasp the meaning of those achievements.

A resume of our program by financiers discloses that the United States has paid off almost all of its obligations abroad and has loaned to the allied nations something like \$8,000,000,000. That credit abroad will keep a stream of money coming to us from Europe at the rate of, approximately \$500,000,000 annually in interest alone.

The United States emerges from the war as the greatest and the richest in financial resources—possessing resources almost equalling France, England and Germany combined.

Certainly with this vast wealth and these enormous credits abroad to care for our trade balance we need nothing more than sane, honest and patriotic financial legislation to "tide us over" the period of reconstruction.

## A Monstrous Proposal

Germany's request to be allowed to send a commission to the United States to present to the people directly conditions existing in the land of the Huns is not only about the most monumental piece of coarse affrontery, a direct insult to the intelligence of our officials and the people of the nation, but another positive proof that while we may have drawn the fangs and clipped the claws of the beast, we have made little or no progress in the effort to alter the determination to wreck and ruin, a determination which seems to be the controlling purpose of all Hun endeavor.

Now with the war lords, announcedly dethroned, in times of peace, Germany's proposals are but little less monstrous than her war-time practices under the war lords.

No wonder the world despairs at times of ever being able to believe that disaster to the German armies and the puncture of the world domination bubble, has made any impression of the German conceit or has, in the least, changed the view-point of the Huns.

## Back to a Peace Basis

Not very many months ago America faced the tremendous problem of mobilizing its man power—raising and equipping an army of millions of fighting men for service in Europe and transferring still other millions of men from the peaceful pursuits into war work activities—the most tremendous task ever undertaken by any nation and a task for which America had never been fitted by experience.

The tremendous problems of mobilization were met and mastered.

Now we are facing the problem of demobilization of our man power, a task equally as tremendous as the one of mobilization.

There need be no fear that the demobilization work will fail in any particular. That task, too, will be accomplished with as little friction, with as little business disturbing effects as was the one of mobilization.

Already the blocked channels of war work are turning the tides of employed into the old channels of peace times. The man power released by the cessation of war work is being utilized by the demands of the works of peace.

The nation will return to a peace basis almost automatically. One by one the changes will come and scarcely be noticed. Gradually human activities will adjust themselves to the old order and the nation will pass from war to peace.

## POEM FOR TODAY

"AFTER THE SPUR, CORN"  
 We have harried him and shot him,  
 We were gay and glad to pot him,  
 To "Do 'im in" as Tommy says,  
 "To 'Do him up," say we,  
 And the Frenchman, in his lingo  
 Puts it otherwise, but—Jingo—  
 We talked the self-same language  
 When the word was "Victory!"

All around this whirling planet  
 We have sent the men to span it  
 In many sorts of uniforms,  
 From staff to dungaree;  
 And they took the job and liked it  
 And they sailed the seas and hiked it  
 It made no sort of difference  
 So they went to Victory.

Yea, and now the work's completed  
 And the Hun is quite defeated.  
 We'd like to take our ease again,  
 Delighted to be free,  
 When along comes Fritz to tell us,  
 As his Gott has failed to tell us,  
 He'll gladly take a snack with us—  
 In lieu of Victory!

Though we've greatly yearned to  
 carve him  
 We can't see our way to starve him,  
 And his wife and children crying  
 Add power to his plea;  
 There are words we well might utter  
 But we'll sell him bread and butter,  
 There's the quality of mercy  
 In Allied Victory!

—O. C. A. Child.

# News of Interest to Women

At the W. R. C. social Friday afternoon in G. A. R. Hall Mrs. Carpenter will read a tribute to Gen. W. R. Burnett, Commandant of the O. S. & S. O. Home, entitled, "Home vs. Institutions."

Mrs. Greg will sing "The American Flag" to an accompaniment that she has composed, and which will be played by Mrs. Willis.

Others on the program include the Misses Jocelyn Bowen, Mary Alice Davis, Ruth Herron, Jessie Sunkel, Mildred Todhunter and Forest Smith. Program 3:30. Veterans will be welcome, and any women interested in W. R. C. work.

Noteworthy in its interest and one of the most delightful meetings of the entire year was the Thanksgiving meeting of the Woman's Missionary Society of the First Presbyterian church, held at the home of Mrs. Frank S. Jackson, Wednesday afternoon with the assisting hostesses Mesdames George Jackson, Chas. A. Reid, J. F. Dennis, C. H. Griffin, Bella L. Ustick, Mary Patton Lulu H. Robinson, George Gregg, W. O. Deheart, Os McLellan, Elmer Kiever, A. R. Stokesbury, Corey, Henry Robinson, Maude Anderson, Chester Hall, Nation.

Mrs. Austin F. Hopkins, President was in the chair.

The usual program was dispensed with and the time very willingly turned over to Miss Jane Samuel, of Korea, a delightful and fluent speaker, who holds her listeners both by her intensely interesting subject matter and her pleasing personality.

Miss Samuel gave a word picture of what Christian Missions have accomplished in the life of the Korean women during the past twenty years of the eagerness with which they accept the Bible and its teachings; of the transformation wrought in their lives through its power; how they are being liberated from the shackles of ancient custom and tradition and being imbued with the larger and nobler vision through Christian enlightenment.

Mrs. G. H. Wise, of Parkersburg, W. Va., who is the guest of her sister,

ter, Mrs. Carey Persinger, made a very bright and interesting little talk on Missionary work as it is carried out on a large scale in her home city.

The mite boxes were opened and turned out a gratifying sum as the Thanksgiving offering.

Dainty refreshments were served late in the afternoon.

The attendance was the banner one of the year, with eighty women assembled.

The annual election was held and the following officers put in—President, Mrs. Austin F. Hopkins, First Vice, Mrs. Bella Ustick; Second Vice, Mrs. Harriet Woodward; Third Vice, Mrs. A. J. Walker; Secretary, Mrs. R. T. McClure; Assistant Secretary Mrs. Frank M. Fullerton; Secretary of Literature and Study Class Mrs. Fred Meier; Treasurer, Mrs. Elmer Kiever; Study Class Leader, Mrs. W. B. Gage; Secretary Young People, Miss Blanche Tullis.

The National Council of Women has sent to Miss Margaret Woodrow Wilson, daughter of the President, an invitation to open the "Victory Sing" in France on Thanksgiving Day by singing the "Star-Spangled Banner" at the same moment that millions of Americans at home, under the auspices of the council, join in the national anthem.

The invitation, sent through the recreation committee of the Young Men's Christian Association, under whose auspices Miss Wilson went to France, read:

"The seven million members of the National Council of Women urge you to co-operate in making this the most joyous of Thanksgiving by leading the soldiers at whatever rest billet you may be on that day in singing the 'Star-Spangled Banner.' Millions of your countrymen at the same time will be singing praise for the glorious results of the war."

The Y. M. C. A. has cabled to its Secretaries overseas a letter from Secretary of War Baker expressing his wish that "victory sings" be held in every camp, hospital and rest billet of the American expeditionary

force. "Sings" also will be held, it is announced, in all Y. M. C. A. army huts in the United States.

The annual all day Thanksgiving meeting of the Mt. Carmel Home Missionary Society was held at the handsome country home of Mrs. J. Bruce Mark on Wednesday.

A splendid dinner was served cafeteria style at noon and the sociability of the day was greatly enjoyed.

An excellent program was presented and one of its most interesting features was the response to roll call, in which each member made a minute Thanksgiving speech.

The special causes this year for Thanksgiving—the end of the war, the preservation of so many of our boys "overseas" the state going dry and many other reasons made these responses very ready.

The tone of the program was patriotic and throughout the home flags and bunting, in effective decoration, lent added note of patriotism.

The delightful musical numbers included a vocal duet by Mrs. Albert Slagle and Mrs. Paul Carman; vocal solo by Mrs. Carl Mickel and selections played on the Edison machine. Reading, both prose and poetry, were given by Mrs. C. O. Deere, Mrs. A. C. McCoy, Mrs. J. Bruce Mark and Mrs. Albert Slagle.

The Thanksgiving offering was generous, exceeding twenty-five dollars.

Young women who are trying to get ready to go overseas as representatives of the Red Cross in various branches of work have had their hopes dashed to the ground by a message sent out from Washington headquarters last evening.

Short and concise it was: "No more young women applicants received for overseas service." Secretary McCune received one.

There are a half dozen young women in Columbus clamoring to be given a mission across the water. One yesterday received word to go a few hours before the new order came.

Miss Dorothy Fullerton left Thursday for Curdsville, Va., for a few days visit with Mrs. Henry Grose-close (nee Dorothy Saxton) before going on to Richmond, Va., to take an intensive training course, preparatory for Industrial Secretary in connection with the Y. W. C. A. war work a new branch of this department.

Mrs. Daniel H. Van Winkle and Mrs. Martin G. Morris Fayette county members of the Food Commission will spend Friday in Columbus, having been called to attend the State Food Conference in preparation for World Relief week.

ier's brother, Pvt. Lester Estel, of Camp Kearney, California, informed of his condition.

The excerpts quoted a speech by Percy Andrea of Chicago, who was quoted as saying:

"This is the last bulwark of our rights and liberty that we must first proceed to strengthen at any cost by organizing in enough states to prevent the ratification of a national prohibition amendment by the necessary three-fourths of the legislators."

## READJUSTMENT BRINGS SAVINGS TO WAR DEP'T

By Associated Press Dispatch.

Washington, November 21.—Savings through war department readjustment orders including cancellation of contracts are estimated at \$1,336,000,000 by Secretary Baker in a letter, read to the Senate today by Senator Martin of Virginia, chairman of the appropriations committee.

"I have no doubt that within a few days the figures above set forth will show increases and the savings affected will mount day by day," wrote Mr. Baker.

### HUNTER KILLED

By Associated Press Dispatch.

St. Clairsville, November 21.—Belmont county's first hunting fatality was caused by a train striking a hunter who fell asleep on the tracks. James Neitzelt, aged 14, spent the night hunting with his father and brother near Glencoe and sat down on the end of a tie to wait their return from inspecting traps. It is believed he fell asleep for his crushed body was found soon after a train passed the spot.

## ROAD MAINTAINER NOW ON TRIAL ON GOOD HOPE PIKE

County Commissioners to Keep  
New Machine if it Proves Satisfactory—Free Use of Modern  
Equipment Expected to Solve  
Road Problem in This County

The County Commissioners are trying out a new road "Maintainer," and the Good Hope pike is the first road to receive attention with the new piece of road maintaining equipment which, if satisfactory, will be added to the growing modern equipment of the county.

The road maintainer is so constructed that it collects the material from over virtually the entire surface of the road, and leaves in nicely crowned in the center of the

road, where it can be rolled down to good advantage or at least kept from being scattered over the entire surface and doing little or no good. The principal object of the new machine is to collect the loose material, but it also scrapes the uneven surface of the highway and smooths it off so that the surface is left in good condition, and the proper grade maintained.

The addition of the new piece of machinery is still another step of the county commissioners to obtain something like modern road building apparatus, a thing which is very essential if roads are to be maintained in anything like order and if the problem of allowing traffic to beat down and form the surface of the road is continued instead of forming a hard surface by proper rolling and by application of full modern methods.

During the past few years Fayette county's roads have not always compared favorably with those of adjoining counties although a few of them were equal to any roads of adjoining counties, but modern methods used in other counties soon will have nothing on Fayette county methods, it is believed by persons who have made the problem a study. The addition of modern machinery, and not permitting it to rust out, is expected to solve the problem in this county.

At the present time there are dozens of miles of roadway in Fayette county where the very best of material has been applied in the past year or so, and has been so badly scattered over the surface of the road that it has done only a small percent of the good possible from such material, and by the use of the new maintainer this waster material will be put to good use in that part of the road for which it was originally intended.

## A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Washington C. H. people.

Wm. Devany, blacksmith, 270 Temple street, Washington C. H., says: "Whenever I have had any need of a kidney medicine, I have used Doan's Kidney Pills and I know they are just as represented. About a year ago I was troubled with an ache across my kidneys which caused me no little misery. I used Doan's Kidney Pills and in a short time, I was rid of the attack. I have had very little reason for complaint of my kidneys since."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Devany had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Advt.
